Junior Software Developer

Summary

Seeking a challenging and fast-paced role where I can leverage my skills and experience to make a signi cant impact. Excited to contribute to an organization that values continuous learning and growth.

Education

Matric Jan 2015 – Dec 2015
PT Matlala Sec School

National Diploma in IT(Software Development) Jan 2018 – Dec 2023
Tshwane University of Technology

Experience

NetNineNine May 2023 – May 2024
IT help desk

- My responsibilities were: Laptop setup for users including Microsoft (one drives, outlook, and teams), Google, Euphoria, Aex Portals, and the printer. Making rounds in the morning to ensure everyone doesn't have technical issues. Managing company's assets (laptops, printer, Monitor, mice, and headsets) and making sure the asset register is up to date. Providing technical assistance to remote users via phone, email, or remote desktop tools. Providing technical assistance to employees in the of ce. Making dashboards using Excel formulas. Using SQL queries and API key to pull required data

NetNineNine Oct 2023 – Nov 2023
Installations Coordinator

- I was in the IT and Systems department but worked as an installation coordinator in the Installation department from October 1st, 2023, to November 5th, 2023, to learn about the Aex system. We called clients, made payments if they were interested in ber instal-lations, booked clients through the Net99 portal, updated and edited client data on the portal. Created new work orders for our clients.

NetNineNine Nov 2023 – Dec 2023
Support Agent

- Even here I was in IT and Systems department but worked as support agent for two months learning how Systems work in this department. My responsibilities were: Calling clients, verify if they have connection issues then I create a ticket and task for them.
